Welcome to the villages of Earl Stonham

This guide to the villages and surrounding area has been compiled by the Earl Stonham Parish Council and we hope that it helps you to settle quickly into the area.

We would emphasise that no advertising revenue has changed hands, and that the information included is by no means exhaustive. If you have any comments on how it could be improved or added to, then please email Recorder@btinternet.com.

To avoid confusion, we have used the name Stonham Parva throughout the guide, but many people will refer to it as Little Stonham - the names are interchangeable.

Earl Stonham is the name of the parish that encloses the hamlets of...

- ❖ **Earl Stonham** (around the church and up Angel Hill along the A140)
- ❖ **Middlewood Green** (around the water tower in Blacksmith's Lane, Larters Lane and a few houses to the east)
- ❖ **Forward Green** (around the actual village green and along the main road towards Stowupland)
- ❖ **Broad Green** (on the 'loop' past the chapel and back to the main road)

Some people use the old names - others just use Forward Green or Earl Stonham.

Stonham Parva lies either side of the A140 from the junction with the A1120 to the Mickfield crossroads.
